Mike:

In an effort to make sure that we are all on the same page, I wanted to point out that simply striking the word "general" is not sufficient because of the cross-reference in the sentence. I would like to change the language so that once it is amended the relevant part of the sentence will read:

“....unless it obtains an individual permit issued under sub. (1) or is covered by a general permit issued under par. (b) 1.”

I wanted to run this by you before I draft the amendment in case you need to discuss it with others. Let me know if this would be acceptable.

Thanks.
Robin

Hey Robin,

I thought we were done, but I need a very small simple amendment for this draft and the Senate companion. I apologize!!

Dan Graff and Jane both found one issue that needs to be addressed. The word “general” should be struck from page 7, line 22.

Reason: It is established elsewhere in the draft that we will issue a general permit specific to DOT. Once we’ve done that, they must not discharge without permit coverage, rather than without general permit coverage. The change would clarify our agreement and the statutory requirement that it can be an individual permit if necessary.

Thank you in advance!!!
